I'm a dedicated coder for creating innovative solutions and boosting efficiency with technology. I love diving into new challenges and learning continuously, which helps me stay ahead of industry trends. With expertise in both front-end and back-end development, I excel at building scalable, interactive, and user-friendly web applications that meet and exceed client expectations.

LIVE PROJECTS

RANGLA PUNJAB (MERN)
WebApp for NGO having mission named Rangla Punjab
July 2025- Present

- Developing a responsive full-stack web application for an NGO to showcase and manage social initiatives like education drives, women empowerment programs and community welfare events.
- Designing clean, user-friendly interfaces using React.js to highlight key missions and promote public engagement.

BUSMATE (MERN)
WebApp for college bus transportation system
June 2025 - July2025

- Designed and developed a user-friendly web app to help college students search and track bus number and timings by bus routes.
- Implemented a live search and auto-suggestion feature to allow students to easily find their bus number.
- Used React.js for a responsive frontend, and Node.js/Express for backend API management.

PERSONAL PORTFOLIO
My personal portfolio website
April 2025 - May 2025
- Designed and developed my personal portfolio website using HTML, CSS and JavaScript to showcase my projects, skills, resume and contact information.
- Created a clean, modern UI layout with smooth scroll navigation, interactive buttons, and engaging hover effects to enhance user experience.

TECHNICAL SKILLS
- Frontend: HTML, CSS, JS, React.js
- Backend: Node.js, Express.js
- Database: MongoDB, MySQL
- Tools: REST APIs
- Framework: Flask
- Programming Languages: Java, Python, C++

SOFT SKILLS

- Problem Solving
- Communication
- Adaptability

EDUCATION

BACHELOR IN COMPUTER SCIENCE
Punjab College of Technical Education, Baddowal, Ludhiana
2023- Present (CGPA- 8.99)
